Boiler tubes and pipes

Our stock of energy products is focused on tubes and pipes, fittings and flanges where pressure and temperature are important elements. We stock material in accordance with DIN, ASTM, EN and follow the Pressure Equipment Directive (PED). Since many years we are a supplier to the petrochemical and powerplants, equipment manufacturers of pressure vessels for example boiler and heat exchangers, chemical and exploration (OCTG) companies.

SEAMLESS BOILER TUBES AND PIPES

Seamless boiler tubes and pipes, in fabrication lengths of 5 – 7 m. Bevelled ends, tubes larger than 44.5mm hard stamped with charge number, other sizes marked with bundle tags.Mill test certificate in accordance with EN 10204/3.1.

HOT FORMED FITTINGS

Bends, T-pieces, reducers and caps in dimensions 21.3–610 mm.

FORGED FITTINGS

Of type threaded or socket-weld. Bends, T-pieces, couplings, caps, nipples and plugs in dimensions 17.1–60.3 mm.

FASTENERS

Stud bolts, nuts and threaded rods ½″ – 1″.

FLANGES

Welding neck flanges, socket-weld flanges, blind flanges, threaded flanges and slip-on flanges, 21.3–610 mm in different pressure classes.

VALVES

Gate Valves. Globe Valves and Check Valves in threaded and flanged connection. Range of dimension 21.3 – 323.9 mm in different PN.

If you require additional information about our carbonfittings. please contact us!
